

LEED® Compliance Product Table

Green Building standards promote the use of environmentally friendly construction products and practices on many new and existing projects. The U.S. Green Building Council measures this construction approach through its LEED® rating system. A developer can gain 1 point on the rating system for the use of products that comply with the VOC (Volatile Organic Compound) standards.

The Mon-Eco products shown on the table below comply either with **IEQ Credit 4.1: Low Emitting Materials: Adhesives & Sealants** or **IEQ Credit 4.2: Low Emitting Materials: Paints & Coatings**.

They can also contribute to LEED® **MR Credit 5.1: (Regional Materials)** if the project is within 500 miles of the Mon-Eco production facility in East Brunswick, NJ.

Ductliner Adhesives (LEED® Standard= 80 grams/Liter* or less)

Product	Description	VOC g/L*	LEED® Credit
22-38	Eco-Canister System Adh. (LoVOC/HAPS Free)	<80g/L	4.1
22-65	Mono-Tack Spray Adhesive	62g/L	4.1
22-67	DLM Adhesive	4.8g/L	4.1
22-68	DLM Adhesive	7.6g/L	4.1
22-76	DLM Adhesive	0g/L	4.1

Substrate Specific Adhesives (LEED® Standard= 80 grams/Liter* or less)

Product	Description	VOC g/L*	LEED® Credit
20-00	20-00 Eco-Stuck Contact Adhesive (Solvent Based)	0g/l	4.1
22-09	22-09 Contact Adhesive (Water Based)	0g/l	4.1
22-15 Zero VOC	22-15 Zero VOC Hanger Grip Adhesive (Solvent Based)	0g/L	4.1

Duct Sealants-Other (LEED® Standard= 420 grams/Liter* or less)

Product	Description	VOC g/L*	LEED® Credit
44-33	Eco-Everflex Sealant	47g/L	4.1
44-39	Eco-Duct Seal	40 g/L	4.1
44-52 Low VOC	44-52 Eco-Duct Seal Low VOC (Solvent Based)	239g/L	4.1
48-81	Eco- Duct Seal	22g/L	4.1
44-70	Eco-Duct Seal (Solvent Based)	0g/L	4.1

Mastics & Coatings (LEED® Standard= 150 grams/Liter* or less)

Product	Description	VOC g/L*	LEED® Credit
11-02	Eco-Perm Coating	64g/L	4.2
55-40	Eco-Coating	16.4g/L	4.2
55-50	Eco-Mastic	62g/L	4.2
55-80	Eco-Mastic	63g/L	4.2
55-90	Eco-Cote VR	33g/L	4.2

Sealants - Other (LEED® Standard= 420 grams/Liter* or less)

Product	Description	VOC g/L*	LEED® Credit
44-05	Eco-Joint Sealer	7g/L	4.1

* Less water and exempt solvents
